Painter's Pal ▲

THE MAKER OF PAINTER'S PUTTY '53' says the product is designed for the special needs of professional painters. Made from a blend of oils and fillers, it will stick to projects and not hands. The putty does not contain or need any water to stay fresh; rust will not form on nail heads or in the can. It can be covered with latex or oil-based paint. **Cost: \$6.75 for a one-quart canister.** DAP 410-675-2100. www.dap.com. Circle no. 103.
