DAP® ALEX® ACRYLIC LATEX CAULKS AND SEALANTS

Product Fact Sheet

DAP® ALEX® Acrylic Latex caulks and sealants are specifically formulated to provide outstanding paint finish results. They offer better adhesion to a wider variety of surfaces, easier and smoother application, faster dry times to, and greater durability for a long-lasting seal. The DAP® ALEX® brand is also the brand that professional painters prefer and use most often.

DAP ALEX PLUS®, ALEX FAST DRY® and ALEX FLEX® offer:

- **Outstanding Paintability** – Resist dirt pick up and best overall compatibility with all types of paints
- **Excellent Shrink & Crack Resistance** – Formulated with silicone additives for greater flexibility and surface adhesion for a long-lasting, waterproof seal
- **No Paint “Shiners”** – Won’t gloss or discolor paint to create a uniform, clean paint finish
- **Multi-Surface Use** – All-purpose versatility with adhesion to a wide variety of surfaces and substrates, both inside and out
- **Easy Application** – Gun out easily, tool smoothly, low odor and can be cleaned up with soap and water

ALEX PLUS All Purpose Acrylic Latex Caulk Plus Silicone:

- America’s No. 1 selling brand of caulk
- Paintable in 30 minutes.
- Shrinks less for a durable seal*
